Browser Settings for Financial Institutions

Supported Browsers for Macs

For security purposes, subscribers should consider using only browsers and operating systems that are able to receive security updates from the developer or manufacturer. iPay Solutions supports the following browsers for its Consumer and Business bill pay products:

- Google Chrome – Current and previous major releases
- Firefox® – Current and previous major releases
- Safari® – Current and previous major releases
- Microsoft® Edge – Current and previous major releases

Supported macOS Versions

iPay Solutions supports the following macOS versions for its Consumer and Business bill pay products:

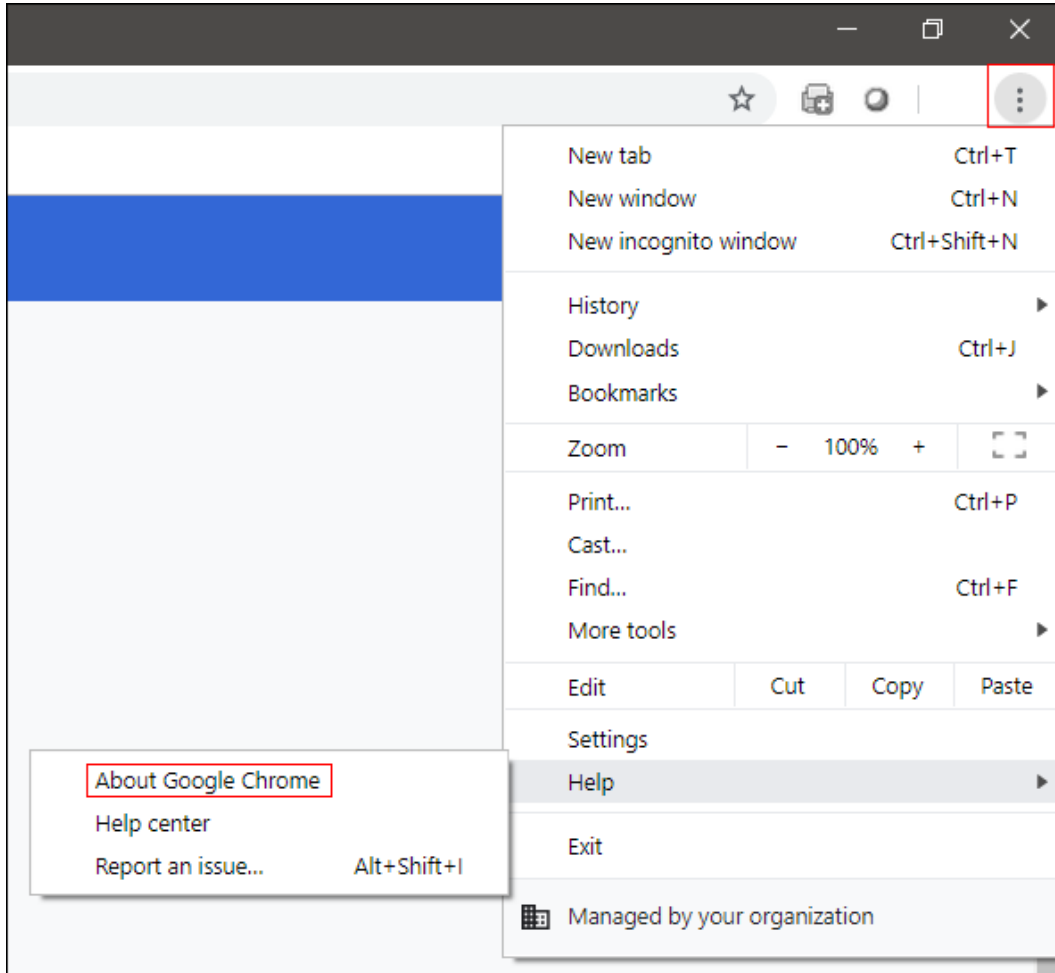

- High Sierra 10.13
- Mojave 10.14
- Catalina 10.15

Additional Information

- Subscribers can verify with their financial institution that the browser and version are compatible with online banking.
- Browsers and versions not on the supported list may still have functionality; however, they are not recommended and are supported only in a limited manner.
- iPay Solutions does not support beta browser versions.
- NetTeller supports only the current and previous major releases.

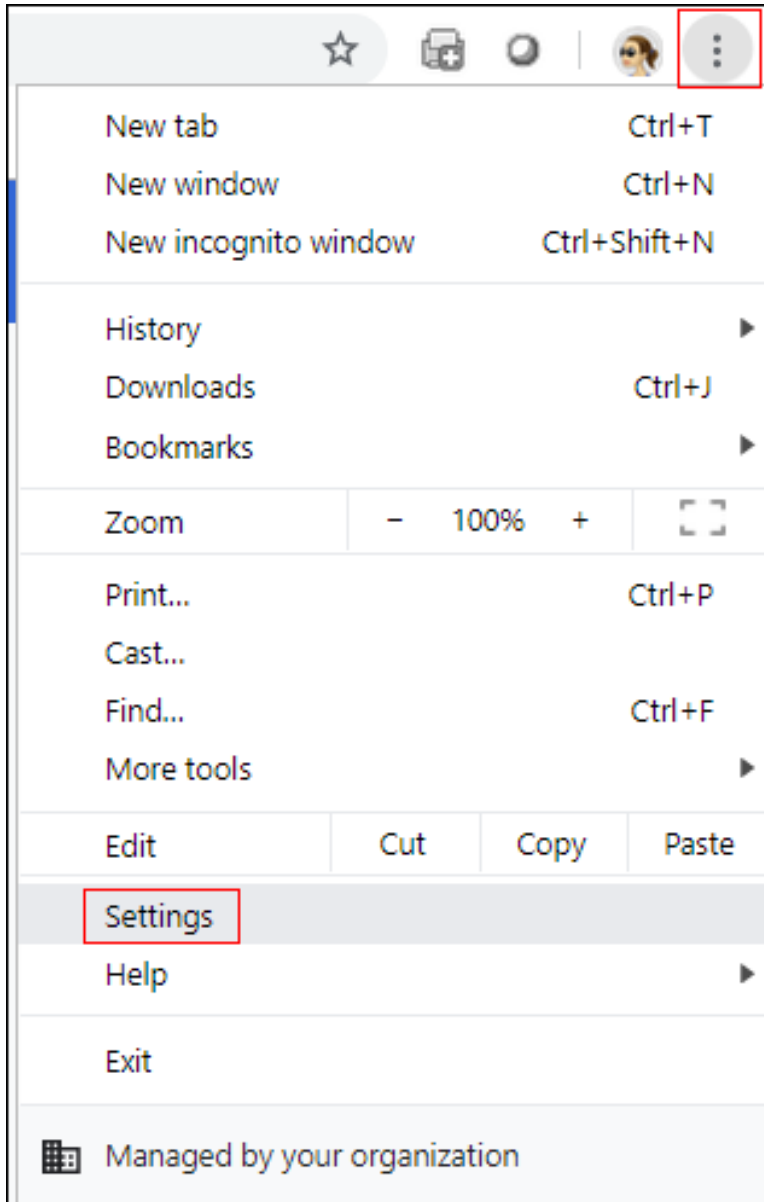

Google Chrome 83 and 84

To locate browser version, with the browser window open, select the menu icon. Select **Help**, then click **About Google Chrome**.

Next adjust settings.

With the browser window open, select the menu icon. Click **Settings**.

The *Settings* page appears. To continue, confirm which *Settings* menu is being used.

NOTE

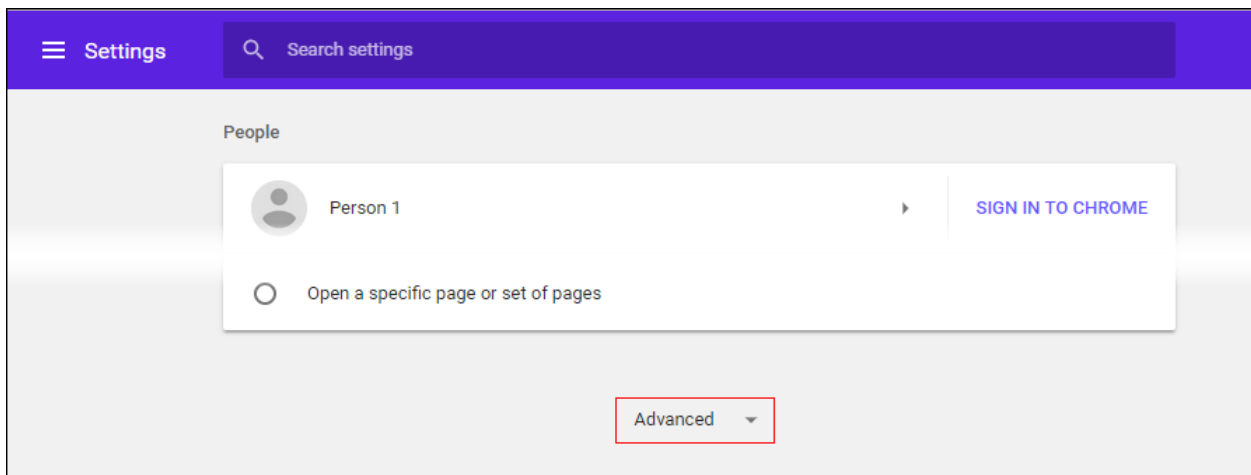

Google Chrome 83 can have two different *Settings* menus: **Original** and **Latest**.

To determine which menu is being used, confirm where the *Cookies* settings are located.

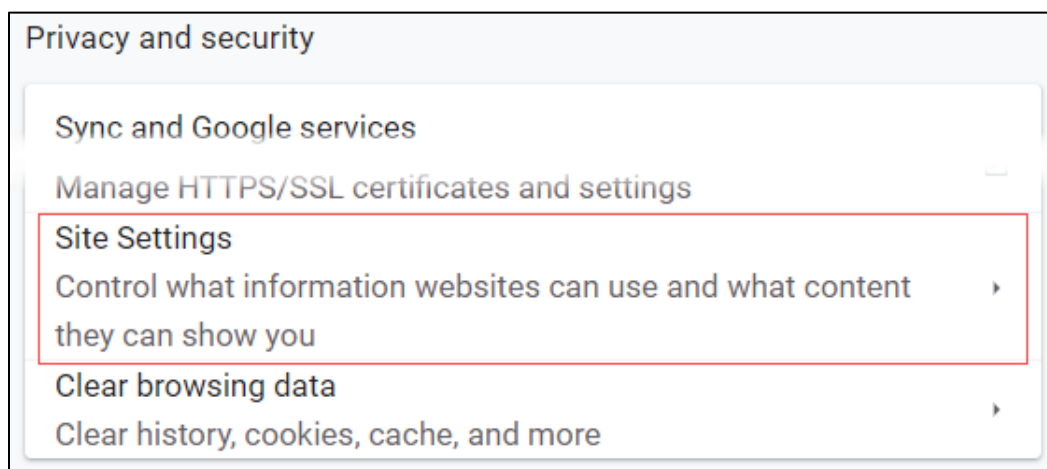

If the *Cookies* settings are under *Site Settings*, it is the **Original** menu. If the *Cookies* settings are under *Privacy and security*, it is the **Latest** menu.

Original Settings Menu

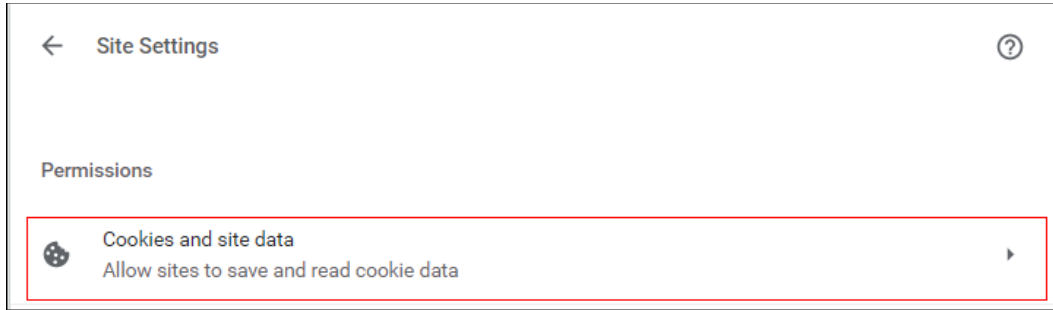

Scroll to the bottom of the page and click **Advanced**.

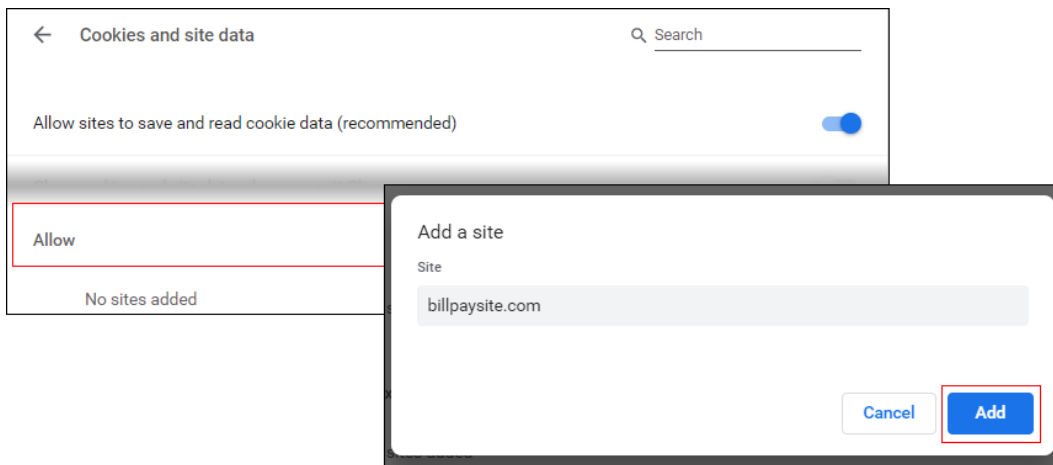

Navigate to the *Privacy and security* section and click **Site Settings**.

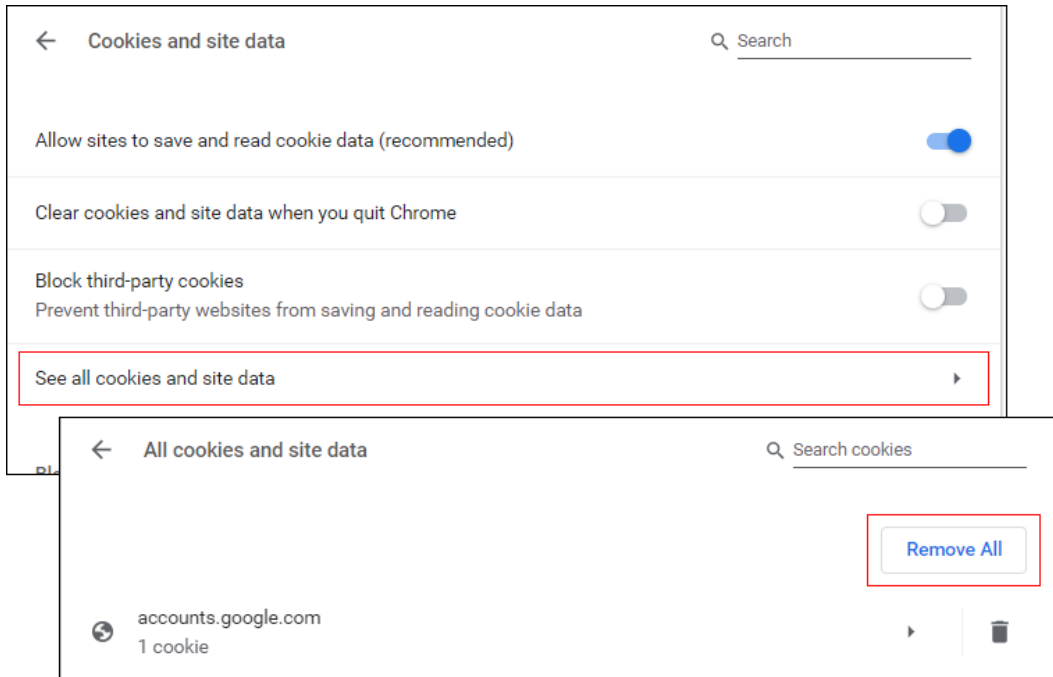

Click **Cookies and site data**.

Within the *Allow* section, click **Add** and type `www.billpaysite.com` for Consumer Bill Pay or `www.businessbillpay-e.com` for Business Bill Pay and click **Add**.

Clear cookies and site data by clicking **Remove All** or the garbage can icon. Depending on the browser version, you may first need to click **See all cookies and site data**.

Return to the top of the page and select the back arrow to the left of *Cookies and site data*.

Change the privacy settings to allow pop-ups. From the *Site Settings* page, click **Pop-ups and redirects**.
